Texas Agricultural Sales and Use Tax Exemption Certificate

Commercial agricultural producers must use this form to claim exemption from Texas sales and use tax when buying, leasing or renting qualifying agricultural items they will use exclusively in the production of agricultural products for sale.

You cannot use this form to claim exemption from motor vehicle tax when buying motor vehicles, including trailers. To claim motor vehicle tax exemption, you must give a properly completed Texas Motor Vehicle Tax Exemption Certificate for Agricultural and Timber Operations (Form 14-319) to the vehicle's seller or dealer. You must also claim the exemption on the Application for Texas Title (Form 130-U) when titling or registering the vehicle with the local County Tax Assessor-Collector.

This form is **not required** when purchasing the following types of agricultural items:

- horses, mules and work animals commonly used in agricultural production;
- animal life, the products of which ordinarily constitute food for human consumption, such as cows, goats, sheep, chickens, turkeys and pigs;
- feed for farm and ranch animals, including oats, corn, chicken scratch and hay; and
- seeds and annual plants, the products of which are commonly recognized as food for humans or animals (such as corn, oats and soybeans) or are usually only raised to be sold in the regular course of business (such as cotton seed).

All other purchases of agricultural items require this properly completed form to claim a sales tax exemption. See *the back of this form for examples of exempt and taxable items.*

Name of retailer
Address (Street and number, P.O. Box or route number)
City, State, ZIP code

Proper use of this certificate

Purchasers - You can only use this certificate for items you purchase for exclusive use in an exempt manner. You should be familiar with qualifying items. Any non-agricultural or personal use disqualifies the purchase from exemption. See the back of this form for examples of exempt and taxable items.

Retailers - You can accept this certificate in good faith at the time of sale if it is properly completed with an ag/timber number and expiration date. You can also accept it as a blanket certificate covering all sales made during the time this certificate is valid on qualifying items that can reasonably be used to produce agriculture products for sale.

Name of purchaser	
Address (Street and number, P.O. Box or route number)	
City, State, ZIP code	Phone (Area code and number)
Ag/Timber number <input style="width: 90%; border: none; border-bottom: 1px solid black;" type="text"/>	Name of person to whom number is registered, if different than purchaser
This exemption certificate expires on Dec. 31, 20 <input style="width: 20px; border: none; border-bottom: 1px solid black;" type="text"/>	

I understand that I am required to keep records to verify eligibility for the exemption(s) claimed and that I will be required to pay sales or use tax on purchases that do not qualify for the exemption(s), in addition to any applicable interest and penalties.

I understand that it is a criminal offense to issue an exemption certificate to the seller for taxable items that I know will be used in a manner that does not qualify for the exemptions found in Tax Code Section 151.316. The offense may range from a Class C misdemeanor to a felony of the second degree.

This certificate should be given to the retailer. Do **not** send the completed certificate to the Comptroller of Public Accounts.

Always Exempt

These items are always exempt and do not require an exemption certificate or an ag/timber number.

- Horses, mules and work animals commonly used in agricultural production;
- Animal life, the products of which ordinarily constitute food for human consumption, such as cattle, goats, sheep, chickens, turkeys and hogs;
- Feed such as oats, hay, chicken scratch, wild bird seed and deer corn for livestock and wild game (pet food is not exempt); and
- Seeds and annual plants, the products of which are commonly recognized as food for humans or animals, such as corn, oats and soybeans or for fiber, such as cotton seed.

DEAF SMITH ELECTRIC COOPERATIVE, INC.

HOLD HARMLESS AGREEMENT

This agreement made and entered into the _____ day of _____, 20____, by and between DEAF SMITH ELECTRIC COOPERATIVE, INC., hereafter called "Cooperative", and _____, hereafter called "Consumer".

The above Consumer has requested that the Cooperative install an overhead or an underground electrical line upon Consumer's premises located approximately:

_____ ; and, the Cooperative has agreed to make such overhead or underground installation provided that the Consumer will hold harmless the Cooperative from any damages done to underground facilities. In the event that the underground line is a HIGH PRESSURE GAS LINE or a FIBER OPTICS COMMUNICATION LINE, the Consumer will expose or have exposed to view the underground lines.

The parties agree and contract as follows:

For and in consideration of the installation of overhead and underground electrical line, the Consumer agrees to be responsible for and pay all damages incurred to underground facilities upon premises and to hold harmless the Cooperative from the payment and repair thereof, including damages arising in whole or part from the negligence of the Cooperative. Consumer agrees to designate the location of overhead and underground electrical line in an effort to minimize such damages.

Deaf Smith Electric Cooperative

Service Interruption Agreement - Irrigation

Applicable to: Irrigation pumps providing water for crop irrigation.

During the months of June, July, August and September, Deaf Smith Electric Cooperative may interrupt irrigation pump service when the Cooperative believes that extreme loading conditions or demand costs should be avoided by interruption of irrigation service.

A Cooperative owned control switch may be installed, at the irrigation service location, by the Cooperative or an authorized agent in such a manner as to become part of the circuit controlling the pump motor. This control switch shall be sealed or locked and shall be opened, adjusted or modified only by Cooperative personnel or other authorized agents. The power supply for the remote control switch shall be obtained from the customer's metered power serving the pump motor controls. The customer shall exercise reasonable diligence in preserving the integrity of the equipment installed for load control. Normal wear and failure will be the responsibility of the cooperative but repairs for vandalism or extraordinary damage to the equipment may be billed to the customer.

Member warrants that neither they nor any of their agents, employees, tenants, invitees, officers, owners, successors, assigns, or heirs will sue for damages or other relief or in any way assist in any efforts by others to sue, or interfere with Cooperative's operation of the control switch to be installed by the Cooperative and further releases the Cooperative for any damages relating to the operation of such switch.

Deaf Smith Electric Cooperative will make every effort to minimize interruption days and durations. Interruption notices will be posted by 10:00 am each day on Deaf Smith Electric Cooperative's web site, (<http://www.dsec.org>), during the interruptible months. These notices will contain information regarding whether an interruption on the current day **IS NOT PLANNED, IS POSSIBLE, IS PROBABLE, or IS CERTAIN.** Alternately, you may call our offices during normal business hours to find each day's interruption status.

I understand that this interruption agreement is a condition of acquiring irrigation service from Deaf Smith Electric Cooperative and that any attempt to defeat interruption could be sufficient reason for service disconnection.
